

OPEN CALL FOR ARTISTS

PILOTENKUECHE, Leipzig / Germany

ROUND 61 October – December 2024

Since 2007 "PILOTENKUECHE" is an international art program based in Germany's new art capital Leipzig. The independent project is run by artists to support and empower artists.

Our program is comprehensive, featuring studio visits, gallery tours, and bi-weekly consultations with our curatorial team. Midway through, artists showcase their work in a preview exhibition, leading up to a final group exhibition. We document each artist's trajectory through articles on our website and comprehensive installation photos.

Each round, we welcome 12 artists from diverse backgrounds to our 465m² shared studio space, housed in a refurbished old barbed wire factory. Characterized by its rustic charm and modern amenities like underfloor heating, our studio provides an inspiring backdrop for collaboration and experimentation.
